Free Varicose Vein Screening

Varicose veins are not always a cosmetic issue. The underlying cause of varicose veins and heavy, painful legs can now be treated in the doctor's office with the VNUS Closure® procedure.

The VNUS Closure procedure is minimally invasive, offers a fast and mild recovery and is covered by most insurance.

This presentation is by Dr. Rob Kruger. To attend this FREE varicose vein screening, please call Donna at 320-839-4138.
