WELCOME

Welcome to Blue Cross and Blue Shield of Minnesota. Use this guide as a tool in choosing your health plan. Inside, you'll find information on:

- What to consider when choosing a plan
- Health and wellbeing resources and programs
- Answers to FAQs, basic terms and other helpful tips

Questions?

Call customer service or visit **bluecrossmnonline.com**.

YOUR PLAN INFO — AT YOUR FINGERTIPS

Registering at your member website is the first step to getting personalized information about your health plan.

You can easily access your personal plan information, resources and tools on your member website. When your member ID card arrives (in the mail), go online and register at bluecrossmnonline.com. Once registered, you can:

- Find doctors, clinics, hospitals and pharmacies
- View claims and Explanations of Health Care Benefits (EOBs)
- Send secure emails to customer service
- View, print, email or order member ID cards
- Check health financial accounts balances (if applicable)

You'll need your member ID card to register. Be sure to have it handy.

HOW TO REGISTER

- 1 Click "Register"
- 2 Fill out the registration page using your information as it appears on your ID card
- 3 Create your login ID and password
- 4 The system will log you in. Next, you'll see your member dashboard with your personal information.

UNDERSTANDING YOUR MEMBER ID CARD

Member name

Each family member covered by your plan will have an ID card. This includes minor children.

Member ID number

Your member ID number helps providers look up your plan details. We also use it to track expenses.

The image shows a sample BlueCross BlueShield member ID card. It includes the following fields: Name (ELIZABETH SAMPLENAME), ID # (00000000000000), GRP (XXXXXXX), Svc Type (XXX), Care Type (XXX), Office Copay (\$), and ER Copay (\$). There is a section for 'SYMBOLS PRINT HERE' at the bottom. A small disclaimer at the bottom states: 'of Minnesota, a nonprofit independent licensee of the Blue Cross and Blue Shield Association, is serving only as the claims administrator.'

Group number

This identifies your employer's plan.

Plan details

Questions?

Contact information is on the back of your ID card.

The sample shown is a guide only. The information and the format of your card may vary.

UNDERSTANDING YOUR PLAN: COSTS

Having health insurance means you and a health plan share in paying your medical costs. The share you pay changes throughout your plan year as you receive medical care and pay costs. Here's how it works:

During your plan year, you'll have two groups of costs: health plan **fees** and **medical care costs**. The plan tracks what you pay in medical costs and applies eligible costs (see glossary) toward certain milestones (see deductible and out-of-pocket maximum on the next page). When your costs hit these milestones, you move into the next stage of your plan. Your share of costs becomes less as you reach each stage.

Here are descriptions of health plan fees, medical costs and milestones:

HEALTH PLAN FEES

Premium

Your regular payment to your health plan (on a monthly, per paycheck, etc. basis)

Your employer may pay part of your premium.

Your premium **does not count toward** your deductible or out-of-pocket maximum.

MEDICAL COSTS

Copays (your plan may or may not have copays)

A set cost you pay every time you get medical care or a prescription

Copays can vary based on where you get care (virtual, clinic, urgent care, etc.).

Your copays do not count toward your deductible but **do count toward** your out-of-pocket maximum.

Covered medical costs

The medical services your plan covers

"Covered" means your plan pays for some or all of the costs. These are different in each plan.

Over-the-allowed-amount costs — The health plan and in-network providers (see glossary) have agreed to an "allowed amount" (the most a provider can charge you). If you receive a covered service from a nonparticipating provider (see glossary) who charges over the allowed amount, this additional cost is your responsibility.

Your covered costs **usually count toward** your deductible and out-of-pocket maximum.

Costs over the allowed amount **do not count toward** your deductible and out-of-pocket maximum.

Non-covered services

"Non-covered" refers to medical services not covered by your plan

If you receive these services, you pay in full.

Services not covered by your plan **do not count toward** your deductible and out-of-pocket maximum.

HEALTH PLAN MILESTONES AND STAGES

Deductible *(your plan may or may not have a deductible)*

When your plan begins, you are in the first stage where you pay for all covered medical services. When these costs hit a certain amount (the deductible), you move into the next stage.

Your deductible **counts toward** your out-of-pocket maximum.

Coinsurance

This stage starts after you hit your deductible. Now, you and the plan each pay a percentage for covered services.
Example: 80/20 coinsurance means the plan pays 80 percent and you pay 20 percent.

Coinsurance **counts toward** your out-of-pocket maximum.

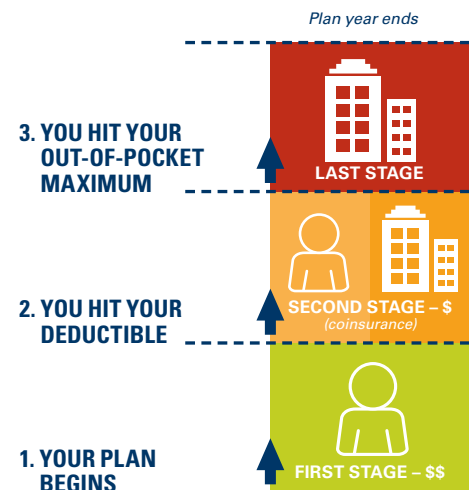

Out-of-pocket maximum

This is the last stage of your plan. When the medical costs you've paid reach a certain amount (the out-of-pocket maximum), the health plan pays all your covered medical costs for the plan year's remainder.*

*Covered medical costs up to the lifetime maximum.

UNDERSTANDING PLAN MILESTONES AND STAGES

1. When your plan begins, you're in the first stage. You pay for all your covered medical costs until you hit the **deductible**.
2. After hitting your deductible, you enter the next stage. You now pay only a percentage of your medical costs and the health plan pays the rest. This is the **coinsurance** stage of your plan.
3. The coinsurance stage lasts until you reach the **out-of-pocket maximum**. At that point, the plan starts paying for all covered medical costs for the rest of the plan year.

HOW YOUR CLAIMS ARE PROCESSED

1

You go to your health care provider.

2

Your provider files the claim (in network).

3

You receive an Explanation of Health Care Benefits (EOB). (This is not a bill.)

4

You receive a statement from your provider. Make sure it matches your EOB.

5

You pay your provider for your portion of the costs.

UNDERSTANDING YOUR PLAN: NETWORK ACCESS

NETWORKS

A network is a group of medical providers (doctors, clinics and hospitals) with which the health plan has an agreement. The agreement means you get a discount on medical care when you go to these providers. If you have providers you prefer, you'll want to check if they're in the network you're considering. (You can see if a provider is in your network using the Find a Doctor tool on your member website.)

Network types

Preferred provider organization (PPO) – With this type of network, you can see any doctor in your network — no referral required.

NATIONAL AND INTERNATIONAL NETWORKS

- BlueCard® PPO – Access to more than 95 percent of doctors and 96 percent of hospitals nationwide
- Blue Cross Blue Shield Global® Core – In-network access to primary care providers in more than 170 countries

Each Blue Cross and/or Blue Shield plan is an independent licensee of the Blue Cross and Blue Shield Association. Each health care provider is an independent contractor and not our agent. It is up to the member to confirm provider participation in their network prior to receiving services.

High Value Network — A network of providers throughout Minnesota. Some of the care systems included are: HealthEast, Children's, Allina, Centracare Health, M Health Fairview (Mesabi), Lakewood, Sanford Health, Gundersen Health, and Winona Health. Access a full list with the Find a Doctor tool at bluecrossmnonline.com.

PREVENTIVE CARE

**Most preventive visits
are covered at**

**when you see a doctor
in network**

(Check your benefit booklet on your member website.)

IS A PROVIDER IN THE NETWORK?

To see if a doctor, clinic or hospital is in a specific network, log in at bluecrossmnonline.com and use the Find a Doctor tool or call customer service.

DO I NEED A REFERRAL?

For most networks, you don't need a referral to see a specialist in your network. In-network specialists are listed in the Find a Doctor tool online or you can call customer service.

CHOOSING A PLAN: THINK ABOUT YOUR NEEDS

When choosing a plan, think about how much medical care, including prescriptions you (and your dependents) expect to need within the plan year. Also, think about your financial situation and if it's important to you to keep your current providers.

IN GENERAL:

- **Higher premium** = Lower out-of-pocket costs
- **Lower premium** = Higher out-of-pocket costs

Out-of-pocket costs include:

- Deductible
- Copays
- Coinsurance
- Non-covered services
- Over-the-allowed-amount costs

(See glossary for definitions)

DO YOU (AND YOUR DEPENDENTS) EXPECT TO:

See a doctor regularly?

☐ Yes

☐ No

Need regular prescriptions, specialty drugs or medical equipment?

☐ Yes

☐ No

Have surgery, childbirth or other major medical care?

☐ Yes

☐ No

	IF MORE "YES" BOXES CHECKED...	IF MORE "NO" BOXES CHECKED...
Recommended plan type	Higher-premium/ lower-deductible plan	Lower-premium/ higher-deductible plan
Why is this recommended?	If you pay more for your premium, your out-of-pocket costs will be less when you get care.	If you don't expect to need much medical care, you can choose to pay less for your premium.
Cautions	Be sure you can afford the higher premium because you will pay this regularly.	Be sure you can afford out-of-pocket medical costs if you should need care unexpectedly.

Is keeping your current doctor important to you?

If yes, be sure to check if that doctor is in the network you're considering. If the provider isn't in the network, it will cost you more to see this doctor. Find out if a provider is in network by calling customer service or visiting bluecrossmnonline.com and using the Find a Doctor tool.

Sign in at bluecrossmnonline.com and select "Prescriptions," then see "frequently asked questions."	

Your out-of-pocket costs depend on the network status of your provider. To check status, call Blue Cross customer service or visit bluecrossmnonline.com.

***Lowest out-of-pocket costs:** in-network providers

Highest out-of-pocket costs: out-of-network **nonparticipating** providers (You are responsible for the difference between Blue Cross' allowed amount and the amount billed by nonparticipating providers. This is in addition to any applicable deductible, copay or coinsurance. Benefit payments are calculated on Blue Cross' allowed amount, which is typically lower than the amount billed by the provider.)

This is only a summary. Read your benefit booklet for more information about what is and isn't covered

For more information, visit bluecrossmnonline.com or call Blue Cross customer service at the number on the back of your member ID card.

The Omada program is from Omada Health, Inc., an independent company providing digital intensive behavioral counseling program.

Embedded deductible – The plan begins paying benefits that require cost sharing for the first family member who meets the individual deductible. The family deductible must then be met by one or more of the remaining family members and then the plan pays benefits for all covered family members.

Doctor On Demand is an independent company providing telehealth services.

Make sure your doctor and clinic/hospital are in your network before receiving care. This will make sure you receive the highest level of benefits. Each health care provider is an independent contractor and not our agent.

Starting on **January 1, 2021**, your prescription drug benefits will be administered by Blue Cross and Blue Shield of Minnesota (Blue Cross). Prime Therapeutics (Prime) is trusted by Blue Cross to manage your pharmacy benefits.

You should receive a new combined medical and pharmacy ID card before January 1, 2021. Please show your new ID card to both your pharmacy and medical providers to use your benefits.

Please read this letter to learn about some key features of your new prescription drug benefit, starting on January 1, 2021.

Prescription drug list — FlexRx Drug List

Before January 1, 2021, go to bluecrossmnonline.com to review all your pharmacy plan resources.

After January 1, 2021, review your specific pharmacy plan resources by registering and logging into your account. You will have full access to your benefit information, including drug pricing.

1. Register or log in to your account at bluecrossmnonline.com
2. Under the "Prescriptions" tab, click on any of the links to be directed to MyPrime.com website.
3. Because you're logged in, the FlexRx Drug List and Classic Pharmacy Network will be selected for you.
4. Click on the "Forms" tab and select "Plan Documents" to see your benefits information, including the Drug Exclusion List, FlexRx Drug List, FlexRx Formulary Updates, FlexRx Utilization Management Updates, Specialty Drug List, Home Delivery Brochure, and more.

Prescription drug list — FlexRx Drug List

Many prescriptions covered under your current plan will be covered on the Blue Cross FlexRx drug list. Your new drug list may reflect some changes in cost and/or coverage. You can see drug costs online starting January 1, 2021. If there are changes affecting your medications, ask your doctor about cost-saving alternative or generic drugs that may be right for you.

Drugs not found on the drug list may be non-preferred products and have a higher cost associated with them OR the drug might be excluded from your benefit. Please reference the Drug Exclusion List to verify if your drug is excluded.

Pharmacy network — Classic Pharmacy Network

Most nationwide pharmacies participate in the Classic Pharmacy Network. When you log into the site, you can use the Find a Pharmacy Tool to find the location of your choice. Prior to January 1, visit bluecrossmnonline.com and select 'Find a Pharmacy' under 'Related Sites'. Choose the Classic Network to view pharmacies.

Home delivery — Express Scripts Pharmacy

If you are taking a covered maintenance (or long-term) medicine, consider using the home delivery pharmacy service, Express Scripts Pharmacy. With home delivery, you enjoy the ease of having your maintenance medicines delivered anywhere in the U.S. You could save time and possibly money.

To start using the Home Delivery/Mail Order pharmacy service after January 1, 2021:

1. Visit express-scripts.com. Click “Register Now” to create an account and follow the steps.

Or, you can call **1-866-470-2245**. Your doctor can send your prescription electronically to Express Scripts Mail Order or fax the prescription to **1-800-837-0959**

Specialty pharmacy

Specialty medicines for complex illnesses (like multiple sclerosis or hemophilia) generally cost more or require extra support and are only available through specialty pharmacies. Your plan requires you to use a pharmacy in the Blue Cross Specialty Pharmacy Network for these medications. You may contact customer service to help determine if you are taking a Specialty Medication.

Note: See your medical plan materials for details on coverage of specialty medicines that must be administered by a health care professional.

Utilization management programs

Your prescription drug plan includes prior authorization, step therapy and dispensing limit programs to help make sure medicines are used safely and cost effectively. Drugs that fall into one of these programs are listed on your FlexRx Drug List.

- **Prior authorization:** The prior authorization program is designed to encourage safe, cost-effective medicine use. Under this program, your doctor will need to get an approval from Blue Cross for certain drugs to be covered.
- **Step therapy:** The step therapy program is used to encourage safe and cost-effective medicine use. Under this program, a “step” approach is required to receive coverage for certain high-cost medicines. This means that a medicine will not be covered unless you try another lower-cost medicine first.
- **Dispensing limits:** Dispensing limits (also called quantity limits) may be applied on select medicines. These limits help promote drug safety and help reduce waste and overuse. Limits may involve the amount of covered medicine per prescription or the amount of covered medicine in a given time period. If your doctor prescribes an amount that is more than the dispensing limit, they may request a dispensing limit authorization from Blue Cross for approval consideration.

Drug Exclusions

There are medications that are excluded from your pharmacy benefits and can include things like certain diabetic supplies, insulin, growth hormones and antibiotics. If your medicine(s) aren't covered, ask your doctor to write a new prescription for preferred alternatives.

Need Help?

Please call Blue Cross customer service at **1-866-873-5943** if you have any questions about your prescription drug benefits.

Remember: Treatment decisions are always between you and your doctor. Coverage is always subject to the exclusions and limitations noted in your plan materials. See your plan materials for details.

Note: Wherever differences exist between summaries, such as this letter, and the legal plan documents, the legal plan documents always prevail.

TOP THINGS TO KNOW — FOR UNDERSTANDING YOUR PLAN

Q What's the difference between participating, nonparticipating, in network and out of network?

PARTICIPATING		NONPARTICIPATING
Provider/pharmacy has an agreement with your health plan		Provider/pharmacy DOES NOT have an agreement with your health plan
In-network provider/pharmacy	Out-of-network provider/pharmacy	AND Provider/pharmacy is NOT in your plan's network
\$	\$\$	\$\$\$

Each provider is an independent contractor and not our agent.

Q Who do I pay when my EOB says I owe money?	A Don't pay anything when you receive an EOB. You will receive a bill from the provider. This is what you pay.
Q How do I know if a doctor, clinic or hospital is in my network?	A You can find out if a provider is in your network by using the Find a Doctor tool at bluecrossmnonline.com or by calling customer service.
Q How do I access the member website and what can I find there?	A Using your member ID card, register at bluecrossmnonline.com . Once registered, you can: <ul style="list-style-type: none"> • Find doctors, clinics, hospitals and pharmacies • View claims and Explanations of Health Care Benefits (EOBs) • Send secure emails to customer service • View, print, email or order member ID cards • Check health financial accounts balances (if applicable) • Access health and wellbeing resources

Q What's the difference between an embedded and non-embedded deductible?

A Embedded and non-embedded deductibles apply to family plans.

Deductible (definition)

When your plan begins, you are in the first stage where you pay for all covered medical services. When these costs hit a certain amount (the deductible), you move into the next stage where the health plan pays for some of your medical costs (coinsurance).

Embedded deductible

When one family member hits the per-person deductible, the health plan begins paying some of that person's medical costs. When the family deductible is met, the plan pays some of the medical costs for all family members.

Non-embedded deductible

When the family deductible is met, the plan begins sharing costs for each member. The deductible can be met by one or a combination of family members.

GLOSSARY

TERMS TO KNOW

Your health plan will make more sense if you know a few important terms.

Allowed amount: The amount Blue Cross has agreed to pay a medical provider for a service.

Coinsurance: This payment structure starts after meeting your deductible. In coinsurance, you and the plan each pay a percentage for covered services. Example: 80/20 coinsurance means the plan pays 80 percent and you pay 20 percent.

Convenience or retail clinic: These clinics treat a limited list of common illnesses. They are often located in or near a retail store.

Copay: (Your plan may or may not have copays.) A fee you pay every time you get medical care or a prescription. Copays can vary based on where you get care (virtual, clinic, urgent care, etc.).

Cost sharing: Refers to the member sharing medical costs with the health plan through copays, deductible and coinsurance.

Deductible: This is the first milestone you hit by paying for covered medical services. Along with covered service costs, your copays (if your plan has them) may count toward your deductible.

Eligible or covered services: Health care covered by your plan.

Embedded deductible: Plan begins paying benefits that require cost sharing for the first family member who meets the per-person deductible. Once one or more of the remaining family members meet the family deductible, the plan pays benefits for all covered family members.

Explanation of Health Care Benefits (EOB): A letter you receive after getting care that shows costs, the amount the health plan is expected to pay and the amount you are expected to pay. You do not pay anything when you receive an EOB.

Formulary or drug list: A list of FDA-approved prescription drugs preferred by your health plan.

Health plan: Can refer to your health insurance company or your specific health plan.

In-network: Providers or pharmacies in your plan's network that give you the most coverage (lowest cost). Note: An in-network provider is not the same as a participating provider.

Member website: A secure website for accessing

plan details and cost information as well as health and wellbeing tools.

Nonparticipating provider: A provider that **does not have a contract** with the health plan. You pay in full when using these providers. Note: A nonparticipating provider is not the same as an out-of-network provider.

Out-of-network: A provider or pharmacy that has a contract with the health plan but is **not part of your plan's network**. You may pay more when using these providers/pharmacies. Note: An out-of-network provider is not the same as a nonparticipating provider.

Out-of-pocket expense/cost: Refers to costs the member pays: premium, copay, deductible, coinsurance, and non-covered services or over-the-allowed-amount costs.

Out-of-pocket (OOP) maximum: This is the last milestone you hit by paying for covered medical services. Once you reach this amount, the plan pays for all covered in-network services for the plan year's remainder.

Participating provider: A provider that has a contract with the health plan, and **may be in or out of your plan's network**. Note: A participating provider is not the same as an in-network provider.

Premium: Your monthly payment, like a membership fee. Your employer may pay part of your premium. You may also be able to pay your premium pretax from your paycheck.

Provider: Refers to doctors, clinics, hospitals and other health care professionals.

Service (also called "care"): Medical treatment.
